## A Chatbot for Privacy Policies

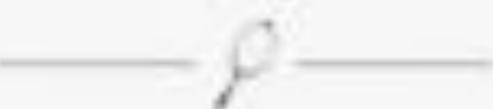

**Hamza Harkous**, Kasseem Fawaz, Rémi Lebret,  
Florian Schaub, Kang G. Shin, Karl Aberer

# Problem?

DO YOU KNOW

## CHAPTER 1

**A**LTHOUGH WINDS wafted through the open kitchen window, making the twenty tiny flames upon Georg's cake dance back and forth on their candlewicks, Georg hadn't made the cake, of course, as one should never bake her own birthday cake, but her mother was a good cook and a better baker, so Georg had no doubts that the combination, complete with pink cherry frosting and jelly filling, would be delicious.

But as her parents and three siblings sang her birthday wishes, Georg's mind wandered from the dessert and the celebration at hand. Her thoughts narrowed in on an image she had seen in a fantasy book just three months ago, after reading Magician Emery Thane's fortune. A flowery hill at sunset,

# UI-Limited Interfaces: Voice-activated Devices

You can now use any Alexa skill without enabling it first

You no longer have to manually enable Alexa skills before you use them. Just tell Alexa to open a new skill and it will find, enable and open it with a single command.
