# Doubled Tweet Length

## A 3D rendering of a blue and white wireframe globe. Numerous circular speech bubbles, each containing a different national flag, are arranged around the globe. Visible flags include those of China, South Korea, Australia, Italy, Germany, India, Japan, the United Kingdom, the United States, Canada, Sweden, Spain, Norway, Israel, and others. The flags are rendered in a realistic style with shadows and highlights, giving them a three-dimensional appearance as if they are floating or attached to the globe.
