

SwissText 2017

9.6.2017
in
Winterthur

2nd Swiss Text Analytics Conference

SwissText is a one-day conference on automatic text analytics, which takes place June 9, 2016 in Winterthur. We invite practitioners, end users, software vendors, researchers and data scientists to join SwissText and share their expertise and experience with the audience.

SwissText brings together practitioners and researchers, to give an overview of existing solutions and technologies, and to come up with ideas for new and innovative projects using automatic text understanding. Topics of interest include, but are not limited to:

- Evaluation of Social Media
- Semantic Analysis
- Chatbots
- Deep Learning for Text Analysis
- Machine Translation
- Text Classification
- Text Generation

Important Dates

10.04.2017 Submission Deadline
 15.05.2017 End of Registration
 09.06.2017 Conference

The first edition of the conference was held in 2016 with more than 170 participants and a distinguished lineup of speakers from international IT giants such as Google and IBM, Swiss companies (e.g. SwissCom), startups, and several universities.

Venue: SwissText will be held at ZHAW Campus Eulachpassage in Winterthur. The venue is located in the heart of the city, a 5 minutes' walk from Winterthur main railway station.
